

# Home Learning Challenge

## Spring

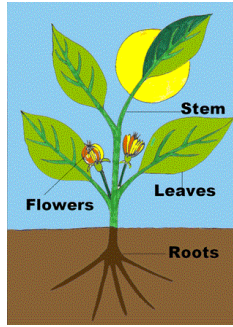

During spring many animals have their babies. Find the names of these baby animals: duck, pig, sheep, cow, dog, cat, rabbit, hen, horse and donkey.

Go for a walk with a grown-up and look for any signs of spring. You can count the flowers in the park or in the garden. How many different kind of flowers can you find? You could draw a picture to show everyone what you saw or make a flower press.

Draw a picture of a flower. Remember to draw some petals, a stem and some leaves of your flower.

Read a story of "Jack and the Beanstalk". Retell the story of Jack and the Beanstalk. Plant some beans and watch them grow. You can measure how much they have grown over a time by using a ruler or a string.

Play bingo with a grown up. Can you match the letter sounds or words?

c	cat
d	dog
f	fox

p	pig
h	hen
